

## Summary

### *Brittatorp*

*By Staffan Fridell*

The author argues that the name *Brittatorp*, in the parish of Söraby in Norrvidinge *härad*, southern Småland, has the woman's name *Britta* (< *Birghitta*) as its first element, despite the fact that the earliest recorded occurrence of the place-name is (j) *bridhätörp* (1403).
